

December 16, 2019

Dear Friends:

Because of your continued support, once again we are ready to celebrate another successful year 2019!! Thank you!!

With all your support, trust, and kind donations, since the start of this organization in 2011, Peoples Medical Care have served more than 30,000 patients from all walks of life without the health coverage. We are not only providing primary medical care, but are also referring patients to a panel of specialists as needed. Thanks to our volunteer specialists who have agreed to provide consults at subsidized rates. We (NCIAP PMC) have saved millions of dollars to local hospitals (Duke, UNC, Wake Med etc.) by saving visits to the emergency rooms, and helped all the communities by providing hassle free healthcare with no restrictions..

To help us continue with this mission, please act fast, donate now for 2019-2020 tax deductions and reserve your table for a fun-filled evening at 2020 Gala.

NCIAP People's Medical Care

9th Annual Gala 2020

Another Year Of Great Success!

We thank our sustaining sponsors; donors, local community and clinical staff for their unconditional support. NCIAP "Peoples" Medical Care is a non-profit medical clinic to provide services to uninsured and under-served patients.
